MISSION STATEMENT

Hale Kipa provides opportunities and environments that strengthen and encourage youth, their families and communities to actualize their potential and social responsibility.

Hale Kipa is a multi-service, fully accredited 501(c)(3) nonprofit agency that specializes in working with youth and their families who often have nowhere else to turn. Hale Kipa has served more than 74,000 youth throughout Hawai'i since its beginning in 1970 as a single shelter on O'ahu.

This includes working in partnership with public agencies and private organizations to provide residential, outreach, and foster care services at no cost. With programs that are flexible and responsive to changing needs, Hale Kipa supports youth involved in juvenile justice, behavioral health, education and child welfare. Program goals include stabilizing young people in crisis and helping youth and families build resiliency to experience success in their lives. Services are flexible, free, creative, and determined by the youth's and family's needs.

All persons are treated equitably and without favoritism, subject to limitations imposed by contractual obligations.

Empowering Lives - One Youth At A Time

Kalihi Juvenile Assessment Center (KJAC)

Studies indicate that youth arrested for status offenses and minor law violations are at risk for further involvement with the juvenile justice system. The Kalihi Juvenile Assessment Center is a crucial step in the diversion and healing process that allows youth to have the opportunity to address their challenges, discover and cultivate strengths and positive relationships that can set the youth on a positive trajectory and prevent them from having an arrest record that requires Family Court intervention. To help prevent subsequent involvement with the justice system, Hale Kipa will assess youth needs and strengths and make referrals for a range of services. The proposed cultural component of the program further allows youth to become their own healers, role models for others, and more effective contributors to their families and communities.
