

Hale Kipa TFH foster parents are invaluable to our island community and especially to the youth and families they serve. Foster parents often help youth learn practical skills, like cleaning their rooms and preparing dinner staples like rice.

“The most important thing you can do is show them that you trust them.”

MISSION STATEMENT

Hale Kipa provides opportunities and environments that strengthen and encourage youth, their families and communities to actualize their potential and social responsibility.

Hale Kipa is a multi-service, fully accredited 501(c)(3) nonprofit agency that specializes in working with youth and their families who often have nowhere else to turn. Hale Kipa has served more than 74,000 youth throughout Hawai'i since its beginning in 1970 as a single shelter on O'ahu.

This includes working in partnership with public agencies and private organizations to provide residential, outreach, and foster care services at no cost. With programs that are flexible and responsive to changing needs, Hale Kipa supports youth involved in juvenile justice, behavioral health, education and child welfare. Program goals include stabilizing young people in crisis and helping youth and families build resiliency to experience success in their lives. Services are flexible, free, creative, and determined by the youth's and family's needs.

All persons are treated equitably and without favoritism, subject to limitations imposed by contractual obligations.

Empowering Lives - One Youth At A Time

CONSISTENCY, SAFETY & SUPPORT

Transitional Family Homes (TFH)

Hale Kipa's Transitional Family Homes Program provides healthy therapeutic environments for youth with higher behavioral, physical, or emotional needs.

Upon completing treatment, the goal is to reunify children with their natural or identified family, whenever possible. Otherwise, TFH can teach youth skills needed to live independently.

Hale Kipa works to match foster youth, ages 3-17, with the right TFH. Placements are short-term, typically 3-6 months, at times longer. Families may decide to provide shorter-term respite care (1-14 nights) on an as needed or emergency basis.
