MISSION STATEMENT

Rooted in aloha and kuleana, Hale Kipa is dedicated to supporting and empowering Hawai'i's youth, young adults, and families who are navigating trauma, injustice, and systemic barriers. Through safe and nurturing housing, culturally grounded care, and trauma-informed relationships, we encourage them to discover their passions, embrace their resilience, and thrive as compassionate, responsible leaders in their families and communities.

Hale Kipa is a multi-service, fully accredited 501(c)(3) nonprofit agency that specializes in working with youth and their families who often have nowhere else to turn. Hale Kipa has served more than 74,000 youth throughout Hawai'i since its beginning in 1970 as a single shelter on O'ahu.

This includes working in partnership with public agencies and private organizations to provide residential, outreach, and foster care services at no cost. With programs that are flexible and responsive to changing needs, Hale Kipa supports youth involved in juvenile justice, behavioral health, education and child welfare. Program goals include stabilizing young people in crisis and helping youth and families build resiliency to experience success in their lives. Services are flexible, free, creative, and determined by the youth's and family's needs.

All persons are treated equitably and without favoritism, subject to limitations imposed by contractual obligations.

Intensive Independent Living Skills

HALE KIPA

Empowering Lives - One Youth At A Time

Intensive Independent Living Skills (IILS)

Hale Kipa's Intensive Independent Living Skills Program provides comprehensive, behavioral, community-based services for teens and their families referred by the Child & Adolescent Mental Health Division (CAMHD) State of Hawaii, Department of Health. The services are based on an intensive, individualized, strengths-based approach that focuses on building independent living skills for the youth and their families.

A dedicated, geographically-based team of mental health professionals and trained therapeutic paraprofessional staff are assigned to assist and support young persons and their families to meet the identified goals of their Coordinated Service Plan (CSP) and increase their independence and transition to adulthood. Services are designed to be both culturally sensitive and developmentally fitting to the strengths and needs of youth and their families.
