MISSION STATEMENT

Rooted in aloha and kuleana, Hale Kipa is dedicated to supporting and empowering Hawai'i's youth, young adults, and families who are navigating trauma, injustice, and systemic barriers. Through safe and nurturing housing, culturally grounded care, and trauma-informed relationships, we encourage them to discover their passions, embrace their resilience, and thrive as compassionate, responsible leaders in their families and communities.

Hale Kipa is a multi-service, fully accredited 501(c)(3) nonprofit agency that specializes in working with youth and their families who often have nowhere else to turn. Hale Kipa has served more than 74,000 youth throughout Hawai'i since its beginning in 1970 as a single shelter on O'ahu.

This includes working in partnership with public agencies and private organizations to provide residential, outreach, and foster care services at no cost. With programs that are flexible and responsive to changing needs, Hale Kipa supports youth involved in juvenile justice, behavioral health, education and child welfare. Program goals include stabilizing young people in crisis and helping youth and families build resiliency to experience success in their lives. Services are flexible, free, creative, and determined by the youth's and family's needs.

All persons are treated equitably and without favoritism, subject to limitations imposed by contractual obligations.

Empowering Lives - One Youth At A Time

Wraparound Services

Wraparound is an intensive, comprehensive family-driven planning and problem-solving process. Wraparound brings together a team to help youth and their families live together safely and productively. The Wraparound approach builds on collective strengths to ensure appropriate service delivery in meeting the youth and family's needs.

Each participant is assigned a Wraparound facilitator and community navigator(s). Parents can also choose to have parent peer support services from a partnering family agency. Wraparound staff work with all team members to develop an individualized Plan of Care that guides the team's efforts in creating and carrying out strategies to meet the youth and family's prioritized needs.
